TWENTY-FIRST YEAR

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, MAY 5, 1910

No. 18

PROF. MAXEY

NEXT YEAR

Will Continue Principal of Earl-
ington Graded and High
School.

ASSISTANT TEACHERS NOT YET
READY FOR ANNOUNCEMENT

Earlington Has Not Had a Vacant House
in Many Months.

SCHOOL CENSUS SHOWS INCREASE
AND HECLA SWELLS TOTAL NUMBER.

It has been known in a quiet way for some days, by Prof. R. T. Maxey's friends, and has come to the ears of the pupils of Earlington Graded and High School, that Mr. Maxey will remain in charge of this school next year; but this fact has not been given, until now, official public announcement. Mr. Maxey's work has been so satisfactory in the past, and the work of himself and his assistants has brought the school up to so high a standard of grading and efficiency, that there was a general desire on part of the school for his return and he was invited by the chairman of the district board of education to remain as principal of the school. Mr. Maxey was being sought by school boards in other places, but his heart is in his work here, where he has made many friends, and he readily agreed to continue that work.

Definite announcement cannot be made just yet as to the entire faculty, but it is expected that the facts in this connection will be made public in a short time, as the chairman of the board is making efforts to conclude these arrangements early this year. The only thing in this connection that has been given out definitely is the fact that Miss Lois Willis has decided that she will not return to Earlington next year, to the regret of the faculty and many friends. Miss Willis has been in the school two years and has taught in the primary and intermediate grades. The school will lose a teacher of exceptional qualifications.

The census of the white school children of the Earlington district makes a very favorable showing and numbers, with the addition of Hecla just now added to this district, a total of 49 children of school age. Of the 614 in Earlington proper, 319 are boys and 295 are girls. In addition to these, are 35 in Hecla. Besides this there will be, as last year, an apportionment of some fifteen or more people from the McCord district, which was abolished last year and has not yet been subdivided into other districts.

Miss Mary Mothershead and Mr. J. E. Mothershead took the census and were at first afraid there might be a falling off in total, because they knew of a few families with several children that had moved. But they found, what had been true in Earlington for many months, that there was not an empty house in the city and that the children were also there.

The Earlington district has 43 more pupils of school age than last year, through increase in population and the addition of the Hecla district.

It is well to remember that Earlington has not had a vacant house now for many months, and that it is even difficult for one to find a vacant room or rooms that may be rented. There is work for everybody to do and everybody is doing it.

FIELD SECRETARY FOR TUBERCULOSIS WORK

Eugene Kerner Engaged—Kentucky First State to Take Such Action.

The Kentucky Association for the Study and Prevention of Tuberculosis announces that it has engaged as Field Secretary, Mr. Eugene Kerner, of New York. Mr. Kerner is now at the headquarters of the Association, 215 East Walnut street, Louisville, Kentucky.

Kentucky bears the distinction of being the first state in which the Tuberculosis Association has put a Field Secretary at work.

To Gather Data

Mr. Kerner's first duty will be to gather information with regard to the situation in Kentucky, the sum total of which is now very meager. He will try to ascertain from examination of local death rate from tuberculosis in different parts of the State, existing legal regulations on the subject, if any, and preventive measures in force.

He will photograph typical treatment house and factory conditions in various parts of the State that are a factor in inducing the disease. The Association hopes that in a few months it will have ready a creditable exhibit showing the Kentucky situation. This may possibly be sent to the county fair in charge of someone who can explain its

Organize Local Association.

Mr. Kerner will try to organize local Anti-Tuberculosis Associations wherever possible to affiliate with the State Association. In this work it is hoped he will have the aid of the Federation of Women's Clubs, the Kentucky Education Association and the press of Kentucky. He will try to bring about the establishment of local sanatoria of free dispensaries with visiting nurses for tuberculosis, and to create throughout the State such a sentiment that it will be impossible at another Legislature to defeat the bill for a State Sanatorium for Tuberculosis already presented to three Legislatures.

Former Experience.

Mr. Kerner's social experience fits him well for the work he has undertaken. For the last four months he has been with the Association of Charities of Pittsburgh, as District Superintendent. Prior to that he was with the Chicago Bureau of Charities one year. While in Chicago he attended the School of Philanthropy in its special course. For three years he was manager of a private sanatorium in Newark, New Jersey, in which a large number of tubercular patients were treated. During the five years that he was connected with this institution he made an extensive trip through Europe to study social conditions. Before taking up the sanatorium work he was in charge of all the laboratory work of a large hospital in Newark, where he became especially interested in tuberculosis.

Mr. Kerner invites correspondence from any persons in Kentucky interested in the stamping out of tuberculosis.

FIRE STARTS IN HOTEL

Blaze in Moranfield Does Damage Over \$3,000.

Morganfield, Ky.—The Capitol Hotel, which is the property of the Peoples' Bank and Trust Co., caught fire at 6 o'clock this evening in the third story.

The fire was under way when discovered.

Three thousand dollars damage was done by fire and water. The Peoples' Bank occupied the lower floor, which was recently handsomely furnished and which was also damaged by the water.

This is the fourth recent fire in Morganfield, and today a white boy was arrested and confessed to starting one fire. The State Fire Marshal was here to day.

WHAT RAILROADS DO FOR A STATE

Bring Communities Together, Aid Agriculture, and Advance Industries.

Every issue of practically every metropolitan newspaper contains some item of how the great transportation companies are bringing prosperity and making progress with every revolution of the engines' wheels. One company is teaching farmers how to grow two kinds of grass where one grew before; another is beginning a town in the wilderness; a third is re-establishing a colony in a desert spot, and is backing the immigrants in their effort to make the place blossom; a fourth is aiding in the making of good roads; another is beautifying its right of way; a fifth is putting on crop experiments in an arid section of the country. As the railroads advance in this work, and as they spread knowledge wherever their whistles blow, they are taking a new place in the industrial world.

Help Others By Helping Themselves.

They are in business to make money, and all that they do, in most instances, they do to increase their dividends and enrich their coffers in the end; but in their justifiable selflessness they are most unselfish, and in helping themselves they are helping others. As the field of their usefulness is enlarged, and as their real service to the country is appreciated, they are taking rank as the greatest missionaries of the world. Their tracks blaze the way to progress, and their whistles sound the note of a new era wherever they go. The enlightened railroads are missionaries of a new regime, because they break down provincialism and make every man touch elbows with his neighbors. They bring the village in touch with the city, and they put the farmer in hailing distance of the manufacturer.

Making Next-Door Neighbors.

The railroads have done more than make dwellers in different sections next door neighbors. They have planted in practically every section of the country the seeds of progress. They have preached new methods and they have planted out new crops; they have contributed to the road-making of the countries. They have preached a gospel of better farming and larger profits, of increased population and of great manufacturing outputs. The railroads are public service corporations, and as such they are subject to particular provisions of law. Where they offend they should be punished, and where they make unjust discriminations they should make just corrections; but where they have worked for the up-building of this state they should be given credit.

Each to do His Part.

The widespread and, in the main, the senseless agitation against the railroads which was begun under Roosevelt has about as far gone, as men have come to realize that capital has its rights as well as labor; but there is still such distrust and suspicion in some quarters that the man who defends the railroads in any matter, great or small, is himself regarded as of doubtful honesty. For all of this, the fact remains, if Virginia is ever to be what she can be, the railroads must do their part, and the railroads can only do their part when they are justly treated and fairly regarded. The measure of what they will do for the state is largely the measure of how they are thanked for what they have done. —Richmond Times-Dispatch.

DR. BARTON MEUEN

Elgie Sisk and Ellsworth Evans.

The East End Card Club spent a most charming afternoon with Mrs. Victory last Friday. The Club guests were Madeline J. B. Atkinson and J. T. Featherston, Mrs. Featherston winning the most games. The hostess served strawberries and cream.

Quite a number of our young people attended the dance at Dawson last night, given at the Century Hotel, to the Henderson boosters by the citizens of Dawson.

HAVE YOU BEEN ENUMERATED?

Let No Person in Earlinton be Missed—We Want the Longest Possible Count.

Great enthusiasm is being shown by almost every town in the country over the present census, and all of them are making every effort to get the largest count possible. Have you been enumerated? If not, call Henry Martin, enumerator, or the Bee office, and he will call on you at once. Let us not miss a single person in Earlinton, and make our count complete.

PRICE OF EGGS A RECORD

Highest Ever Known in New York for April Receipts—Largest in Years.

New York, May 3.—Receipts of eggs at New York in April were the largest in several years, and the average prices were the highest on record for the same month.

The guests were as follows: Misses Ruby Sisk, Katie Murrill, Caren Orenshaw, Blanche Sisk, Alma Renfro, Annie Ashby and Adeline Toombs; Messrs. G. W. Bates, C. L. Lowe, Jim Malone, and

PEARY ARRIVES IN LONDON

Commander Gets Royal Geographical Society Medal and Delivers His Lecture

London, May 2.—Commander Robert E. Peary is here today to receive the gold medal from the Royal Geographical Society and to deliver his lecture on his trip to the north pole. He will get the medal on Wednesday. The explorer expects to be in Europe several weeks.

With the Commander are Mrs. Peary and Captain Robert Bartlett of the Arctic steamer Roosevelt. The party was met by Major Leonard Darwin, president, and Secretary Keltie of the Royal Geographical Society; Commander Edward Simpson, American naval attaché at London, and a committee of the Pilgrim's Society.

ACCIDENT IS FATAL TO KENTUCKY LEADER

Former Judge W. C. Bell of Harrodsburg Dies in Railroad Collision at Seattle

Seattle, May 2.—Former Judge W. C. Bell of Harrodsburg, Ky., was killed last night in a collision between a passenger car of the Seattle, Renton and Southern Electric Railroad, and a coal car. The wreck was at Rainier Beach, seven miles from Seattle. Mrs. Bell's skull was fractured and she may die.

Harrodsburg, Ky., May 2.—Former Judge W. C. Bell was one of the most prominent lawyers in this state. He was at the time of his death a prospective candidate for the Democratic nomination for attorney general of the state and was conceded to have excellent prospects for winning.

BURGLARS ENTER

GRAND LEADER

But are Scared Off Before Getting Much Goods.

Burglars entered the gents' furnishing department of the Grand Leader Friday night by forcing the front door, but were evidently scared off before securing much goods, a suit of clothes, a traveling bag and a pair of N. D. Long shoes being taken. A man was seen to leave the store about one o'clock by two brakemen on the Paris run, who had just arrived in town. They notified the marshal and Mr. Maloney, the manager, who made a careful search, but could find no one. It is supposed the burglar, or burglars, left on a freight train, and authorities at Hopkinsville and Henderson were notified, but no arrests have been made.

RICH GEMS IN ARKANSAS

Experts Declare Diamonds Found Equal to Those Mined in South Africa

New York, May 2.—Numerous specimens of Arkansas diamonds, brought from the recently discovered mines near Little Rock, were in the hands of Maiden lane jewelers today. They are being exhibited to the experts, manufacturers and importers in an effort to convince them that Arkansas is the coming rival of South Africa.

The experts admit that the Arkansas diamonds are equal in quality to the best from South Africa or any other part of the world.

The only difference of opinion is as to whether the volcanic pipe found in Arkansas contains stones in sufficient abundance to make the mines important.

PROF. BELL

IS ENGAGED

Principal of Earlington Colored Graded School Will Remain.

SCHOOL IS ENLARGED BY THE ADDITION OF HECLA DISTRICT

The continued progress of the Earlington Colored Graded School is assured. Prof. J. W. Bell, one of the best colored educators in the South, will remain with the work, of which he has grown fond, and in which those who know something of the school believe he is accomplishing great good. He will be assisted again by an excellent corps of teachers, as in the past, but definite arrangements are not yet made.

The census of the colored children shows an increase of four in Earlington, over last year, and the total number is augmented by 123 through the addition of Hecla district to the Earlington district by action of the County Board of Education announced in these columns several weeks ago. This makes the total colored children now 629 in the newly constituted district. There are ample facilities to care for all of these who will attend school in the Earlington colored school building which was erected three years ago. This is a modern school building with comfortable and complete equipment throughout, and there is room for the school to extend in it.

FREIGHT RATE INCREASE ABOUT 10 PER CENT

Estimates of the Interstate Commerce Commission Based on the Schedule Filed.

Washington, May 3.—A general advance in freight rates on all railroad lines is shown in the tariff schedules filed Saturday and today in the Interstate Commerce Commission, to take effect June 1.

Last week the Western Trunk Line Association, composed of twenty-five railroads, made an average increase in rate from the Mississippi river to Missouri river points. This same association now makes an increase of rates to Chicago from St. Paul. The Chicago rate forms the basis of rates eastward to New York, Boston, Philadelphia, Baltimore and Newport News.

The exact average increase has not yet been figured out by the Interstate Commerce Commission, but it is estimated the increase is 15 per cent. An increase of from 5 to 12 cents on coal from the mines in Indiana and Illinois to Chicago is also announced. Rates on horses and mules, but excluding beef cattle, are also increased by the Western Trunk Line Association, effective June 1.

Hecla School Closed Friday.

The Hecla school closed Friday, April 29, 1910. Following are the names of the pupils whose general average was 26 per cent or above on final examination:

Jane Foard, 98; Irene Wilson, 97; Louie Wicks, 96; Jimmie Wilson, 95; Herman Lovelace, 94; Eldred Lovelace, 93; Myrtie Wilson, 91.

Prizes were awarded to Lonie Wicks, Irene Wilson and Herman Lovelace for making the best grades in spelling during the term in their respective classes. Irene Wilson also received a prize for making the highest average in the three classes. Jane Foard received a prize for the highest average made in school.

Sur Foard, teacher.

News of the Town

Goodrich leads for photographs. C. H. Lynn has had his home on Railroad street re-painted.

Pianos and Organs for Sale. W. J. Bailey, Madisonville. Phone 384.

17-4.

Geo. Mothershead is serving as one of the grand jurors at this term of court.

White Sewing Machines for sale. W. J. Bailey, Madisonville. Phone 384.

17-4.

Several of our show lovers attended the Prince Chap at Madisonville last week.

A. M. Howell will soon build a two-story addition to his cottage on Railroad street.

Miss Gertrude Caviness was confined to her home a few days last week with larycrite.

C. M. Henry, who has been in Hot Springs, Ark., for the past week for his health, has returned home.

City Judge A. J. Bennett was in the county seat Monday, making his rounds for the Circuit Judge.

Miss Eliza Robinson is having her home on Railroad street painted, which adds greatly to its appearance.

"Cleanliness is next to Godliness." Don't let the hot weather come and find your back yard and alleys full of dirt and trash.

Ruby Thompson, the colored nurse of the St. Bernard Hospital, is again with them, after a two months' absence.

W. J. Bailey, of Madisonville, has moved his business from Sugg street to Main street, one door above J. Glenn's printing office.

Buy a Singer or Wheeler & Wilson Sewing Machine from A. C. McKinsey. The Machine with a pedigree and guarantees.

Rev. Moore filled the pulpit at Madisonville Sunday in place of Rev. S. M. Bernard, whose mother died in Louisville last week.

For Sale—One four-room cottage on the corner of Seabrook and Farren avenues. For further particulars see Thomas Longstaff, Jr., Earlington, Ky.

The Peoples Bank of Earlington has opened one or more new accounts every day for the past three months, and they are not losing any old ones.

The young men, who were in the city last week from the State University at Lexington, have returned to school. They were well pleased with their visit to the city and the information received from the mines will prove valuable to them in their studies in mining engineering.

Miss Blanche Sisk, who for the past two years has been assistant cashier of the St. Bernard State Bank, left for Dixon, where she will reside in the future. Miss Sisk is quite a favorite with the society people here, who will regret to see her leave. Her mother and sister moved to Dixon last winter.

Rex McEuen was sick a few days last week.

Typewriters for rent. W. J. Bailey, Madisonville. Phone 384.

17-4.

W. N. Martin, foreman of the Ben office, has moved his family to this city.

Ernest Newton is helping in the grocery department of the St. Bernard office.

Mrs. R. E. Brooks leaves next week for Las Vegas, New Mexico, to join her husband.

Guril Brothers are busy opening up their new stock of 5 and 10 cent novelties. Give them a call.

One should feel disgraced to be compelled by the officers to clean up their back yards and alleys.

The census enumerator has until the 15th of May to complete the city of Earlington. Help him all you can.

Summer is nearly here. Don't let it come and find your back yard dirty and lots of tin cans in your alley.

Telephone THE BEAT, any local news you have. If you have a visitor or going to visit friends let us know. Call 47.

Let A. C. McKinsey show you a Singer or Wheeler & Wilson Sewing Machine B 4 you buy. Sold on payment of \$2 per month.

The air class under the instruction of Mr. Sherman, gives the boys lessons every afternoon and night. It sits near the round house.

Some cities are compelled to make laws to have their citizens clean up their premises. We hope that will not be the case in Earlington.

J. R. Dean left Sunday for Owensboro, where he has been called to serve on the Federal petit jury that convened in that city Monday.

Wm. Browning, who spent last winter in Olander, Fla., has returned home very much improved in health and greatly pleased with that state.

The Peoples Bank of Earlington has opened one or more new accounts every day for the past three months, and they are not losing any old ones.

The young men, who were in the city last week from the State University at Lexington, have returned to school. They were well pleased with their visit to the city and the information received from the mines will prove valuable to them in their studies in mining engineering.

Miss Blanche Sisk, who for the past two years has been assistant cashier of the St. Bernard State Bank, left for Dixon, where she will reside in the future. Miss Sisk is quite a favorite with the society people here, who will regret to see her leave. Her mother and sister moved to Dixon last winter.

NO TIME WASTED.

Prompt Action Is Pleasing Many Earlington Citizens.

Get down to the cause of everything.

Bad backs are caused by sick kidneys.

Cure the kidneys you cure backache.

Doan's Kidney Pills are for kidneys only.

No time wasted trying to cure other troubles.

Earlington people endorse their merits.

James Walker Almoor of Earlington, Ky., says: "My kidney trouble was brought on by hard work and I was afflicted with the complaint for ten years. I suffered from dizzy spells, my kidneys did not do their work properly and my rest was much disturbed by too frequent passages of the kidney secretion. Some time ago I learned of Doan's Kidney Pills and procured a box. Soon after I began their use I received great relief and thus encouraged, I continued taking them until I was cured. I feel very grateful to Doan's Kidney Pills for bringing about this change."

Sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N.Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Gods.

There is that in man which sooner or later is awakened to dissatisfaction with the gods of his own choosing—W. Boyd Carpenter.

THE BEST LAID PLANS

When Meggs did things at all he believed in doing them well. As soon as he found he could be back in town Friday night he wired Edith to keep him company. Then he wired a theater ticket broker to see if he could get the best seats for the occasion.

Occasion is the proper word, for Meggs believed in avoiding commonplaces and surrounding the ordinary things of life, when possible, with just enough glamour and importance to raise them out of the humdrum and round out the evening's entertainment.

Edith was very gracious. She said it was just the one play she was dying to see, and wasn't he clever to wire about that? And she would surely be ready on the minute.

The next thing Meggs did was to visit the broker and secure the tickets he had ordered. Then he dropped in at a fashionable florist. The violets he ordered were the finest and largest and the orchid in the "heart" of the arrangement was the touch particularly to make the bouquet a particular wonder. Later in the afternoon Meggs added his dress suit pressed and had a comfortable shave.

As he whirled the taxicab out to Edith's, Meggs couldn't refrain from thinking how good he looked. Now, however, he would have waited until he got into town to secure the tickets. Then, however, there wouldn't have been a decent seat to be had. Or that same other fellow, if he did get the tickets, would have had to sit down in the companion place, which would have omitted the little floral offering, or would have economized by leaving out the taxicab or the supper. In defense of the other fellow, however, Meggs admitted that it was every fellow who had the knack of doing just right or who had the fitness and the all other qualities that a fellow must have to attain to the Meggs pinnage.

Edith was radiant and appreciative as Meggs helped her on with her opera coat.

"I'm glad you thought to wire me," Edith said. "Meggs, I'm disappointed downtown. You Pierce invited me to go right after your telegram came and I was so glad your invitation came first."

Meggs felt his head swim a little as he realized how near the other fellow came being Edith's escort.

"I'm glad you thought to wire me," Edith said. "Meggs, I'm disappointed downtown. You Pierce invited me to go right after your telegram came and I was so glad your invitation came first."

Meggs felt his head swim a little as he realized how near the other fellow came being Edith's escort.

SPEAKING OF DISARMAMENT—

What If Europe Should Search a Distinguished Visitor For Disturbing Oratorical Weapons!

INDICTMENT OF WHITE IS SOUGHT

TWO SANGAMON COUNTY SUB-POENAS ISSUED FOR LEGISLATOR WHO CHARGES BRIBERY.

IGNORE IMMUNITY PLEDGE

Special Chicago Grand Jury Takes Up Consideration of His Story—Gov. Deneen Refuses to State Opinion as to Truth of Disclosures.

Chicago, May 2.—The sworn statement of Representative Charles A. White, alleging that he was paid a bribe of \$1,000 to vote for William Lorimer of the senate may prove a boomerang and result in his own indictment.

Edmund Burke, state's attorney for Sangamon county, declared in Springfield by long-distance telephone he would seek to bring White before the grand jury at Springfield, and that if White should repeat his allegations he would be indicted and prosecuted, regardless of any immunity he promises he may be accorded in Chicago.

In his eagerness to reach White the state's attorney had two subpoenas issued for White. One he sent to the sheriff of Cook county, and the other to the sheriff of St. Clair county, White's home.

White was taken before a special grand jury in Cook county by State's Attorney Wagner and asked to repeat his story of receiving \$1,000 for his vote and \$900 from a legislative "yellow dog" fund.

The public prosecutor also intimated in the near future the down-state legislators who were present.

White said changes will appear before the special legislative body, the list including Henry A. Shephard of Jerseyville, Joseph S. Clark of Vandalia, Michael Link of Mitchell, and Lee O'Neill Brown of Ottawa; Charles S. Lake, another less directly implicated.

The legislative bribery scandal will be given the right of way, and before the special grand jury gets through its work White's astounding story will be investigated to the bottom.

Senator Lorimer says he has at Washington a letter from White, saying something to the effect that he is entirely unashamed, and reiterates his declaration that the attack is a move to ruin the now La Salle Street National bank.

Lee O'Neill Brown announces that he will remain in Chicago to watch developments and will save his correspondence with White as ammunition to be used in the campaign.

The statement appearing in some of the papers to the effect that Gov. Deneen would call a special session of the general assembly to consider the charges made by White was declared by the governor to be utterly without foundation in fact.

"There has been the slightest intimation of doing anything of this kind," declared Gov. Deneen. "It is purely a matter for the courts at the present time," said the governor, "and there will be no special session."

Asked as to his opinion as to the truth of White's statements, the governor said that he did not care to discuss this phase of the situation, but added that it was hardly possible that a metropolitan newspaper would lay itself to heavy damages for criminal libel unless it was reasonably sure of the truth of the statements it published.

Union Conductor Is Killed.
Philadelphia, May 2.—John McGuiden, 36 years old, a union conductor, was shot and killed in a fight between union and non-union motor men and conductors. Victor Farrell, 21, non-union man from Washington, D. C., admits the shooting, but maintains he shot in self-defense.

ROOSEVELT AT FETE IN HONOR OF PRINCESS

The Hague Enjoyed One of the Greatest Days in Its History—School Children Participate.

The Hague, Apr. 30.—With Col. Roosevelt, the city's guest, and the first birthday anniversary of Princess Juliana being celebrated, the Hague enjoyed one of the greatest days in its history.

In honor of Little Juliana, the colonel wore a boutonniere of daisies. Everybody wore ribbons of orange and white, the national colors. The city turned out of doors and wherever the colonel traveled, great crowds followed and cheered. The diamond-shaped emblem of the people was like the reception at Porto Mauzirio, though on a much larger scale.

All the school children of the Hague marched to the public square and danced in honor of the little princess.

The day's program began with an amateur theatricals to a large audience in the Woods near the Hague, where the International peace conference was held. This was followed by a call upon Foreign Minister Swinderen.

Princess Emma, the queen's mother, was then visited at the royal palace, where Minister Arthur Beaupre formally presented each member of the Roosevelt family, at intervals of 15 minutes.

A visit to the Rembrandt Art Gallery took up the morning round, after which the colonel lunched with Foreign Minister Swinderen.

FEARS CLASH WITH CHINA

Over Boundary of Macao Prompts Sending of Portuguese Cruisers to Scene.

Lisbon, Apr. 30.—Alarm was felt here over the prospect of a clash with the Chinese government over the boundary of Macao, a Portuguese dependency in the Island of Macao, at the west side of the entrance to the Canton river.

Two Chinese gunboats and Portuguese cruisers Vasco de Gama and Patricia, according to the Diao Nicotias, are now en route to Macao as the result of the refusal of the Portuguese officials to remove the boundary marks which have been in dispute since 1843.

The Portuguese garrison at Macao is being reinforced. Word that it is in position to successfully defend the town has been received.

HONOR TO WAR PRISONERS

Monument to the 2,000 Who Died on Johnson's Island to Be Unveiled on June 8th.

Findlay, O., May 2.—A fine bronze monument to the memory of 2,000 Confederate soldiers who died on Johnson's Island, Capt. Eric, who will be unveiled on June 8th.

The monument will be erected in the grounds of the prison, which is now a park, and will be dedicated to the late General T. C. Hindman, who died in the prison.

American Is Robed in London.

London, May 2.—H. Meyers, a guest at the Piccadilly Hotel, who is expected to be a witness in the trial of a woman charged with \$2,600 by an unscrupulous thief, who entered his room as he slept and abstracted a pocket-book from his clothes.

Quiet Parades in Portugal.

Lisbon, May 2.—On the occasion of May Day, the workmen made a pilgrimage to the graves of old leaders in the labor movement. There were no disturbances. Processions were held at Oporto, but these were also orderly.

Nebraska Crops Saved.

Omaha, Neb., May 2.—The first rain for three months fell throughout Nebraska just in time to prevent utter annihilation of the winter wheat crop, which is already damaged from 40 to 50 per cent.

THE DUTCH PAINTER

By KATE LUBY

In the center of a quiet village stood an inn, the proprietor of which was named Fritz. He rarely painted, but, leaving in the odd name of Turner, at whose door might be seen boards representing grotesque caricature paintings, as signs of his profession.

Of a truth, poor Turner had a great love for his art; but, sorrowfully to relate, his art was not loved for him.

He was vain and conceited, as nearly all pretenders to excellence are, yet he found a liberal patron and an ardent admirer in old Fritz, who carried his patronage so far as to promise him his lovely little daughter Lula in marriage.

Now Lula and her good mother had another young gentleman in their minds' eye: it was Rudolph, the handsome young gardener and huntsman, who loved Lula most fondly and truly, but who failed to make an impression on the flinty bosom of old Fritz.

The day was fixed for Lula's marriage with Turner, and mother and daughter went blithely through their preparations with tearful eyes and saddened hearts, which ill-befitted a bride.

To give more eclat to the wedding, Fritz ordered a new sign, and Turner's talents were called in requisition.

Just then a young artist, who had day arrived from the city, offered to paint a sign, representing the flower of the season, a rose, in a most attractive manner.

Lula and her mother voted for the artist's sign, and stubborn old Fritz more that Turner alone should share the glory with himself. At length a compromise was effected, both painter and artist to paint a picture each, and the sum due awarded to that one which displayed most ability.

The wedding day had arrived, and Turner was first in the field with his sign, but no one could make anything out of it.

"Indeed?" cried the villagers, "a painted abortion, which represents neither fish nor fowl!"

"What is it?" asked one.

"It is mutilated Indian from the wilds of the west!" replied his neighbor.

"Ignorant wretches!" shouted Turner, choking with indignation. "We hate eyes and see not!" so saying, he seized his brush and painted underneath the portrait. "To the great Leopold!"

Shouts and groans followed this announcement, not for "Leopold," but for Turner, who had so shamefully misrepresented his wife.

A quick and glib painting was next displayed, and produced a spontaneous burst of enthusiastic applause.

Never before had the people beheld so lifelike and well executed a likeness of their very popular archduke; and the artist, in order to escape being embraced to death, had speedily retreated to a corner of the room, and sat mutinously on a bench.

In the midst of triumph his hand was bowed down beneath the load of some secret sorrow that was devouring him.

Upshady Rollo! A few days since had seen him the favorite artist of a brilliant court, enjoying the reputation of a Raphael and on the high-road to fame and fortune.

A noble lady of the court, and who was a ward of the archduke, had made a deep and lasting impression on his heart, and he soon perceived that his passion was returned.

He had not been long sitting in the garden when he became aware that others equally unhappy—Lula and her lover were sitting in an arbor, taking a last, loving farewell of each other.

"Why not fly with me, dearest Lula?" murmured Rudolph. "If you'll let me, I'll wed you, and we'll go to that hateful Tun-

derland, and lost to me forever!"

Lula sobbed audibly; yet, drying her tears, she replied:

"I cannot fly with you, though you know how much I love you, Rudolph; o'erfly will grieve my father and break my mother's heart. I am full well aware that Heaven will yet smile on us both."

"Poor Little Lulu!" sighed Rollo as he and her lover left the garden.

Archduke Leopold, with the beautiful archduchess, accompanied by her ladies and officers of the court, had just now come from a walk he had strolled through the village. The archduchess need a chain of gold round Fritz's neck, demanding to see the village ar-

at who had painted the sign. After long search Rollo was found peacefully sleeping in the garden.

The archduke, in a fit of delirium and surprise at finding the "glory of their court," as they termed it, demanded to know what he had done.

The archduke told him in his rants, and told him he had never doubted his honor. He must instantly return to court, no longer in the capacity of a poor boy, but as March de T... which title, with its estates, the archduke was ready to bestow on him. Then he said he was really in need of Rollo's services as chief physician to his lovely ward.

"And now, where are you going?" asked the archduke.

Rollo related, in a few words, the truth of Lula and Rudolph, on hearing which the duke beckoned to Fritz and a few moments the old man called the young couple, Lula and Rudolph, and gave his consent to their marriage.

BOUNDED QUEER.

The editor called the new special writer up to his desk.

"Young man," he said, severely, "you don't mind a few exhortations, but you have been going a little too strong."

"In what way, sir?" asked the surprised pen pusher.

"Why, in your article on Col. Roosevelt, you jump to conclusions that immediately after digesting the facts he called for a tax. Now any greenhorn would know that there are no taxables in Africa."

"I didn't allude to a taxicab, sir."

"You didn't?"

"No, I meant a taxidermist."

Speculated Her.

She had refused to listen to him while the big car tore along at a 7 mile clip, and he was desperate.

"Suppose," he shouted above the roar, "you should send me under the wheels, would you be surprised?"

"I certainly would," responded the hunter, who was greatly comforted.

"I didn't know what the machine need,

repairing."

Just the Thing.

"Got anything that's good to eat?"

"Take this home and try it."

"It's good for the heart."

"I've used it on mine for the last five years and I've got the healthiest cornea you ever saw."

Possible Explanation.

Roderick—"The astronomers report that there is a great disturbance at the planet Mars."

Van Albert—"I fear so."

"I was going to say that I had not seen any of his deeds of philanthropy advertised."

Not Modern.

"You say that he is a modern philanthropist?"

"Or a semi-modest philanthropist."

"Or I was going to say that I had not seen any of his deeds of philanthropy advertised."

A SOFT LANDING.

Friend Inside—A little to the left, Bilt, the pile of soft coats over there!

Theodore.

When a fighter strikes a hard blow

He grows bold as seven whales;

When a softer strike a hard blow

He gets scared and route his bats.

Appropriate.

"He has invented a new drink."

"What does he call it?"

"Love."

"Why?"

"Because it makes the world go round."

Most Men Are.

"He's perfectly at ease in any situation."

"I'll bet he isn't. I'm willing to wager right now that he'd be embarrassed if some one should ask him to say grace at a dinner party."

Tood Much.

"The trouble with me is that I am eating too much."

"Why, I took dinner at your house today and you only ate one plate!"

"I know, but my wife made them."

An Honest Confession.

Bilkine—"Hello, old man! What do you know?"

Wilkine—"Well, I believe a gone many things, but as a matter of fact I don't know anything."

The Right Term.

"I would like dentists to call the offices dental parlors."

"Why shouldn't they?"

"A more appropriate term would be drawing-rooms."

Out of Natural Order.

"Papa, dogs always chase cats on land, don't they?"

"They do everywhere, my son."

"But, papa, do ocean greyhounds chase a sea puss?"

Too High.

"Are you going to take any stock in his aerial trust?"

"No; I never cared to invest in in-

fated securities."

A Good Idea.

"Maud has lots of new things on hand. Just now, I understand."

"Yes, including an engagement ring."

To Be Expected.

"I wonder why that arctic play was a failure?"

"Could you expect it to be anything but a frost?"

Do You Use Calendars

We now have samples for one of the prettiest lines on the market, consisting of American and imported Calendars, Banners, etc., and can make you prices at from 10 to 20 per cent cheaper than other houses. Drop us a card, and our representative will call on you at once.

GOOD breeding is a sincere, kindly consideration for others, put in its pleasantest and most delicate form.
—Annie Payson Call.

MEETING AN EMERGENCY

"The only thing to do is to have it on Wednesday afternoon," declared Patty, her pen poised in air. "A third of the girls will want to go to the garden party, so we can't have every body, since I can count on half of those invited failing to come."

"But suppose they should all prefer your bridge party?" suggested Patty's best friend, dubiously.

"Now, Rita, don't rush clouds into my perfectly clear sky," remonstrated Patty. "I just got out to almost the last minute to make room and our apartment will hold 60 at a tight squeeze. Even then I've got to use the dining room and smoking room for the card tables and serve at the individual tables. But I've got it all worked out with my usual foresight and ingenuity. Don't mind it. It's all right."

"How have I worried it out? Well, I find that Wednesday is the day of the alumnae luncheon and still again that the alumnae cards went out yesterday. So you can see for yourself that there isn't a ghost of a chance of more than half the girls coming."

"Well, let's get the cards written," said Rita. "The sooner we get them out the sooner we'll know who isn't coming."

The replies to the invitations came in fast. Regretful letters regret until the last moment that the number of acceptances would not be large enough to give her party the desired air of importance and elegance. The evening before the time set for the affair Rita came over to help number the tables and tie up the prizes.

"Don't worry, Rita. And you never hear of anything working out so beautifully. There are just 55 girls coming. Of course everybody thinks I am a sweet thing for inviting her and nobody but you knows what a clever person I am. I reiterate, Rita, it is bound to luck, that makes the world go round."

The ringing of the telephone interrupted Patty's enigma of herself and she hastened to answer the insistent summons. Rita didn't wait for her to explain when she returned. Her crestfallen look indicated woe.

"It's Laverne Snow," said Rita. "Somebody is so sorry to hear a dreadful sore throat and cold in the head will keep her at home to-morrow. That throws out a whole table out."

"It throws a whole table in," moaned Patty. "Helen Cook finds that her cold is much better, so if I like to go to her and if it won't inconvenience me she'd love to come. There's the phone again!" Patty grabbed her hair distractingly as she made a dash for the instrument.

Rita nervously picked up the evening paper, glanced at it a second, and then drew it down in a panic. "Don't answer! Don't!" she cried, pulling back. "It's all those alumnae people. The luncheon's been postponed. I've just seen it in the paper."

The telephone continued to ring furiously.

"What shall I do?" gasped Patty in desperation. "They'll have to play on the kitchen stove or the refrigerator!"

"We've got to muffle the telephone bells so we won't go crazy and then we mustn't go near the telephone until after six o'clock to-morrow afternoon," decided firmly.

Suiting the action to the word, she proceeded to stuff the offending bells full of crumpled paper.

All that evening and all the next morning there was a pestering whir from the disabled telephone messages. It was only when the clock had sounded half past two and all the guests were deep in the first game of bridge that Patty and Rita made a rush for the telephone. They pulled away the paper from the bells and rang each other glibly.

The telephone bells started ringing at once. Patty hastily took down the receiver.

"Telephone company," a voice announced.

"A great many persons have been ringing your telephone out of order, but we haven't been able to locate the trouble."

"Why, it rings all right now," declared Patty, bouncily. "Maybe something was just a little twisted. Look you so much for letting us know."

JEWS IN UNITED KINGDOM

Number Under a Quarter of a Million and Are Mainly in the Big Cities.

According to statistics there are at the present time about 200,000 Jews in the United Kingdom, mainly in London and the other large cities of England. The Jews being rated among the greatest merchants in the world, it is but natural that they should flock to the cities where the widest field for their industry is to be had.

In England there is a popular saying that there are no Jews in Scotland. Although this is not literally true, it is a fact that there are not many of them in that part of the United Kingdom. Mark Twain is authority for the statement that in the last half hundred years only one Jew has lived in Scotland. He says that one moved to Edinburgh, and before he realized it the name Scots had so well trimmed of his worldly goods that he was left afterwards with enough money to return to the country. It is feared, however, that the humorist has slightly exaggerated the story.

There are comparatively few Jews in Ireland, the large majority of the 20,000 being in London, Liverpool and two or three others of the largest English cities.

Just as they do in this country, the Jews of England ask no other race to assist them in the maintenance of their religion through well-organized charities they take care of all the poor and destitute, raising nearly \$1,000,000 annually for religious and benevolent purposes.

Woman Educators

Intelligent women should be consulted in matters of education generally and especially in the treatment and discipline of children. But there are hardly any who can truly judge of the education of girls and the subjects they should be taught. The great majority of public school teachers are women and it might be well to have women on the governing board, with whom these teachers can confer more freely than they can with men.—Bartleby Sun.

WANTED TO PURCHASE BABY

Small Girl Willing to Spend the Money, but Was on Lookout for a Bargain.

The shrewd small daughter of a close Connecticut mother was not easily exemplified at once in her faith in her father's judgment and her budding sense of commercial values. She and her brothers long had been clamoring for a sister, and the father, at Christmas time, had laughingly presented the mother with a gold check, enclosing the stipulation that she should buy a baby if she so desired. The children listened seriously, talked the matter over and decided that the dear mother had displayed unwanted selfishness when upon Christmas morning she announced that she had purchased a diamond brooch. A little later Jessie, representing the juvenile members of the family, asked for a private word with her father and handed him three little bank books.

"I have some money saved up in my money," she explained, "and we've got \$100.16 between us, an' we want you to buy us a baby, if mother won't." "An' daddy, you can have all this money to buy the baby, with if you need it, but we thought maybe you'd watch the market and save enough to get us that new swing we've been wanting so long."

Illusions.

It is true we labor under many illusions, but if these were to be done away with we should really seem it with our whole to labor all the more.

Almost one of the things which man so ardently pursues in the belief that they will make him happier is really capable of doing so, and yet it is needed that he keep up the pursuit of them, for they are really beneficially achieves in behalf of destiny.

The illusions we labor under take, in fine, of the nature of sanitary conditions, though they chiefly affect the health of the spirit, and by that have no material effect. These illusions may be tried by the test; if it fails to stand to the test, we may not call it education, whatever may be the force of authority, or of numbers, upon the other side."

Pine Stronger Than Steel.
Calculation confirmed by experiment has shown that weight for weight, pine wood is stronger than steel in both transverse and tensile strength. It is regarded as doubtful if any metal can be made stronger than pine. Pine is a common rod in stiffness without exceeding it in weight. In structures of wood the weak points are always at the joints.—Illustrated Sunday Magazine.

Lion Fondles a Child.

In Pittsburg a savage lion fondled the hand of a child thrust into his maw. Danger was imminent, as is seen in the illustration. Hasty and ineffectual efforts were made to restrain the beast. Finally a long iron bar was thrown across the mouth of the lion, and he was held until the police arrived. A few drowses cured our baby of a very bad case of "Croup," writes Mrs. George B. Davis, of Fish, N.Y. "When you've got it, when he takes cold, it's a wonderful medicine for babies." Best for Coughs, Colds, LaGrippe, Asthma, \$1.00. Trial bottle free. Guaranteed by all druggists.

Fighting Plague of Rats.
United action by landowners and farmers is now being taken to put an end to the plague of rats in Hertfordshire, England. The plague has lately been accountable for enormous loss to game and root plants, and one week lately a thousand rats were destroyed.

The splendid work of Chamberlain's Liver Tincture is daily coming to light. Not only a grand remedy for liver and bowel troubles was ever known before, thousands buy it for curing neuralgic, sick headache, biliousness, jaundice and indigestion.

Sold by Jno. X. Taylor.

Life.

It is a good and safe rule to seldom go to any place where you cannot spend your life there, never omitting an opportunity of doing a kindness or speaking a true word or making a friend.—John Ruskin.

A Happy Father

is soon turned to a sad one if he has to walk the floor every night with a weeping baby. Dr. King's New Baby Oil will make the child well—soothe its nerves, induce healthy, normal sleep. Best for disturbed bowels and stomach, colic, teething babies need it. Pleasant to taste, safe, contains no harmful drugs. Price 25 and 50 cent paper bottles. Sold by St. Bernard Mining Co., Incorporated, drug department.

Energy Must Be There.

Energy will do anything that can be done in this world; and no talents, no circumstances, no opportunities will make a two-legged animal a man without it.—Goethe.

Acidosis will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the burns.

Daily Health Hint.
If the bodily circulation is sluggish, a quick rub, quick thickening it is by electricity. A current of electricity, carefully applied, will often relieve stiffness and lameness.

A Regular Tom Boy

Susie—climbing trees and fence posts, jumping ditches, wrestling, always getting scratches, cuts, sprains, bruises, bumps, burns or sores. But laws! Her mother just applied Bucklin's Arntica Salve and cured her in a twinkling, even white-healed—Baths, Ulcers, Eczema, Old Sores, Corns or Piles. Try it at all druggists.

KILL THE COUGH AND CURE THE LUNGS WITH DR. KING'S NEW DISCOVERY FOR COUGHS & THROAT DISEASES \$1.00 AND ALL THROAT AND LUNG TROUBLES GUARANTEED SATISFACTORY OR MONEY REFUNDED.

Acres and Bible Letters.
It has sometimes been stated that there are more acres in Yorkville than there are in the state of California, particularly in the mountain districts. It is not uncommon to discover a large stone or boulder with one flat side showing a little above the surface of the ground and with a hole large in a quadrangle near the center. In such holes the setting crushed the acorns which were there by ground into meal for food for the red men.

A Living Skeleton

is the final condition of any child that has worms if it lives. Think of the poor condition of your child that ate all you took as nourishment. Nine-tenths of the babies have worms, may be yours. Be certain that you are not giving your child Cream Varnishes—it pellets all worms and is a tonic for the baby. Price 50 cents per bottle.

Sold by St. Bernard Mining Co., Incorporated, drug department.

Hint to Amateur Carpenters.

A nail driven into oak or other timber oftentimes bends or breaks. To avoid this all need is a little wax or soap. The nail, if greased with either, will go in straight into the board. Carpenters who do their work bore a small hole in the handle of their hammers and then fill it with either wax or soap, running the nail into it as they use them.

Never hesitate about giving Chamberlain's Cough Remedy to children. It is an elixir in opium or other narcotics and can be given with implicit confidence. As a quiet cure for coughs and colds to which children are susceptible, it is unsurpassed.

Sold by Jno. X. Taylor.

Cultivate Discretion.

Discretion is a synonym for tact. To rush in where angels fear to test their wings is as unattractive as it is indiscreet. Learn to handle the world with gloves and it will readily give you a black eye.

An Ideal Husband

is patient, good natured, a bargainer, for he knows she needs help. She may be so nervous and rundown in health that trifles annoy her, and she may be really excited, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters—the most effective medicine for all cases. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used them to become healthy and happy.

Try them. Only 50¢. Sale fraction guaranteed by all druggists.

Must Have Time to Live.

It was not intended that a man should work as long as his eyes are open. He wants a little time to live as well.

A Smile

is a pretty hard thing to accomplish when you're blue, ill-fated and out of sorts. The sure cure for all kinds of stomach trouble is Chamberlain's Constipation and Diarrhoea. Ballard's Herbine is mild, yet absolutely effective in all cases. Price 50¢ per bottle.

Sold by St. Bernard Mining Co., Incorporated, drug department.

My He Got It.

The kind father who handed the hungry boy a sandwich and a bunch of pie, "Poor man!" she said, sympathetically. "Are you married?" "No," answered the H. "I got it dusted off from 'bein' chased from place to place by deperie."—Illustrated Sunday Magazine.

Man's Way.

When a man looks back and sees that temptation is no longer pursuing him, he turns around and begins to pursue it.—Atchison Globe.

Notice, Poultry Raisers

Now is the time of year to feed your flocks a good diet of Dr. King's Choler, Bough, Gapes, Canke and Limberneck. When fed as a preventive it not only keeps them healthy, but makes them fat. Price 50¢. Cut them up. Generous. Ask your druggist.

Try it under the guarantee. Ask for booklet on diseases of poultry. 16mo.

Power of Wealth.

The ultimate test of the real efficiency of a rich man is to be able to buy a house, a car, a maid and attendant scandal, except in those few cases where they rather enjoy the new sensation of notoriety, a phase which is really pathological.—Life.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for children. Dyspepsia, worms, cold complaints. It is simply impossible, and so says every one that has used it. Sold by Jno. X. Taylor.

Truth Above All.

Welcome the biggestest truth, so it be one, in exchange for the royalest sham. Truth of any kind breeds ever new and better truth.—Thomas Carlyle.

Indian Days.

Links of Indian days may be found under many old trees in Yorkville, particularly in the mountain districts. It is not uncommon to discover a large stone or boulder with one flat side showing a little above the surface of the ground and with a hole large in a quadrangle near the center. In such holes the setting crushed the acorns which were there by ground into meal for food for the red men.

A Man Wants to Die

only when a lazy liver and sluggish bowels cause frightful despondency. Dr. King's New Cough Pill extends the digestive system, builds hope and courage; cures all Liver, Stomach and Kidney troubles; imparts health and vigor to the weak, nervous and ailing. 25¢ at all drugstores.

Pessimistic View of Life.

I do not know what to appear to the world, but I seem to see myself as a boy playing on the seashore and divining myself in how and then finding a smooth pebble or a prettier shell than ordinary, whilst the great ocean of truth lay all undiscovered before me.—Sir Isaac Newton, "Memoirs."

Superlatively Great.

A group of men were seated about the table in the cafe of a western club discussing the rise of the prohibition sentiment when Wade Ellis burst in. "A great man," said one. "A very great man," replied another; "had John D. Rockefeller on the stand for a whole day and forced John to admit that he made money."

Chamberlain's Stomach and Liver Tablets.

Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby increasing the digestion. Sold by Jno. X. Taylor.

Farmers Boy Presidents.

Prof. W. J. Spillman declares that the farms have furnished this country with 92 per cent. of its presidents, 91 per cent. of its governors, 83 per cent. of its cabinet officers, 70 per cent. of its senators, 64 per cent. of its congressmen and 55 per cent. of its railroad presidents.

Useful and Pleasant.

Bagdad and Bassorah are excellent prophetic marks for many boats and ships. They are not possible but are, however, will pay attention to catalogues, as they wish to sit in the boat itself, feel it go through the water and enjoy the noise made by the engine.

Market for Pleasure Craft.

Bagdad and Bassorah are excellent prophetic marks for many boats and ships. They are not possible but are, however, will pay attention to catalogues, as they wish to sit in the boat itself, feel it go through the water and enjoy the noise made by the engine.

Impregnate.

The Lady with the Feathers—"No, I said, 'this is too much. I've allowed you to buy me flowers and chocolates and to take me to theaters and dinners; I've even granted you the liberty of hiring a motor car for me—and this, I said, is all the thanks I get—you try to kiss me."—The Sketch.

Boys will Be Boys.

and are always getting scratches, cuts, sprains, bruises, bumps, burns, or sores. Don't neglect such things—they may result serious if you do. And if you do not take proper account to directions right away and it will relieve the pain and heal the wound. Price 25c, 50c, and \$1.00. Sold by St. Bernard Mining Co., Incorporated, drug department.

How Pat Was Impressed.

"Was the sermon to-day to fit you, Pat?" inquired the priest. "Truth, yes," replied Pat. "It was a grand sermon indeed." "What seemed to hold your attention?" the priest inquired? "Well, now as ye are for axin' me, begorra, I'll tell ye. What tuk holt of me most was yr reverence's perseverance—the way ye wint over the same thing agin and agin."—Ladies Home Journal.

A Length of Rheumatism.

or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by Jno. X. Taylor.

Pitiful Tragedy.

Because she is blind the mother of Dorothy Kirkpatrick, a seven-year-old girl, died last Saturday morning. Dorothy had a child catch fire while she was playing on the hearth one day recently, and because she is stone deaf she did not hear the screams which Dorothy and her twin sister raised. Despite heroic attempts by the twiner to extinguish the flames, Dorothy was burnt to death.

Health Hint!

One heroic cure for dyspepsia is to eat only whole grain bread. An experienced doctor says: "No man ever died of starvation without being hungry." If the appetite does not return, stimulate it by active exercise.

Age of a Fish.

Prof. H. K. Hartman, lecturer at the Royal Institution, and describing how to tell the age of a fish, said the lines on the scales of the herring are lines of annual growth. The number of lines on the bones are another indication.—Westminster Gazette.

USE ST. BERNARD COAL

Mined in Hopkins County, Kentucky, the largest coal producing county in the State. This company operates

EIGHT LARGE MINES

and produces about one-sixth of all the coal mined in all Kentucky.

Best Coal for Steam and Domestic Purposes

St. Bernard No. 9 Coal has come to be recognized, through years of satisfactory use; as the standard grade both for steam and domestic purposes, in the large territory reached by our products. Another point in favor of our coal is the fact that we have established

An Unimpeachable Record for Prompt Service the Year Around

Our mines are operated more days in the year than any mines in Kentucky and with an enormous output at command we are able to give the promptest and most satisfactory service.

ST. BERNARD COKE

is also a superior fuel and is extensively used in base burners and heating furnaces for residences or any other building that needs to be heated, and takes the place perfectly of high priced anthracite coal. This coke is extensively used in manufactories as well and is furnished in various grades.

HYDE JURORS MAY SEE POISON TEST

STATE HINTS THAT JARS WITH SWOPE ANATOMY WILL BE EXHIBITED IN COURT.

TO SHOW POISON'S ACTION

Living Animals Will Be Used to Demonstrate Effects of Cyanide of Potassium and Strychnine Laboratory in Court.

Kansas City, May 2.—In the trial of R. C. Hyde, charged with responsibility for the death of Col. Thomas S. Swope, an entire day was consumed in hearing the testimony of Dr. Ludwig Heikken, whose cross-examination by Frank P. Walsh indicated that the bottles and jars containing the various parts of the world's internal anatomy and extracts thereof were to be produced by the state.

With the production of the viscera will come the chemical tests which it has been planned shall be made before the jury. Whether they will be permitted has not been decided. If they are allowed, even now, who would furnish a chemical laboratory for the various tests for poisons such as cyanide of potassium and strychnine? The will be no change in the number of cigarettes in a package, as though there is no assurance that the prices will remain the same. It is said also that there is bound to be a adjustment in the smoking tobacco trade. A report was in circulation to the effect that the trade had planned to increase the amount of cigarettes a package from ten to eight and that revenue stamps providing for this change were being printed.

**SOUGHT PROMOTION
BY THE AID OF POISON**

Austrian Lieutenant Confesses to Attempt at Wholesale Murdering of Officers.

Vienna, Apr. 29.—Lieutenant Hofrichter, one of men in one of the crack Austrian regiments has confessed he sent poison candy and poisoned medicines to his superior officers, more than a score in number, in the hope that by their death he would become a brigadier probably twice a firing squad.

A dashing young officer in one of the Kaiser's crack guard regiments, Hofrichter aspired to become a major. Promotions go slowly in the showy regiments and he faced long service before he could win a higher rank.

It was shown that every officer in the regiment, of a rank superior to Hofrichter's, received a box of candy or some other sweetmeat, and these, it was admitted, caused suspicion. Details proved Hofrichter bought the boxes in which the poison had been secretly concealed, my musical taste has really developed.

"I occurred to me at once that if Fanny thought I hadn't been coming I should have had a chance to ask Mr. Emerson to go with me. He could have explained all the movements and everything. But Fred was coming, so, of course, I had to ask him. Still, he had had his fill and I thought that maybe he would excuse himself. Anyway, I telephoned him, because if we went to the concert he'd have to come earlier than just to make a call.

"The minute he heard my voice he said, 'Yes, I was just going to call you up.'

"'Yes,' said I.

"I feel like a wreck today," he croaked, "and if you could let me come tomorrow night instead of tonight."

"Certainly," I said, before he had time to get out another word. "It seemed to me that I must be insensible, so I added sweetly, 'I'm so sorry, though, because Fanny has just asked me to use two tickets to the Beethoven club concert—'"

"And you want to go?" he asked.

"'Oh, yes, of course!' I stamped;

"Then I'll be there!" said Fred,

"promptly. I'm certainly not going to disappoint you in a thing like that!"

"She paused. "Dad!" she concluded, snapping off a silk thread viciously.

Welcome had been hiding in the city since the killing. Thursday he sent to his brother, asking for financial aid. The attorney-general and the police, the meeting place was in the rear of a big warehouse in the Illinois Central yards. Detective O'Hara, disguised in overalls and impersonating an engineer, strolled down the track at the appointed hour. The passenger engine burst into view, hissing like a madman. As Welcome came opposite him, he suddenly leaped forward and pointed a revolver at Welcome's head.

RICH CATTLEMAN IS SLAIN

Body is Found in Roadway Near in Oklahoma, With Numerous Gunshot Wounds.

St. Louis, May 2.—Hundreds of delegates, representing some three hundred cattlemen from all over the West, convened here to-day and will be in session throughout the week. The hall is held under the auspices of the Farmers' union, and its participated in several other bodies of agricultural organizations.

C. S. Barrett, president of the American Society of the American Society of Cattlemen. The purpose of the convention is the promotion of reform legislation in congress, especially the enactment of a law making illegal dealing in futures or gambling on farm produce.

C. S. Barrett, president of the association, stated that section of the convention and delivered a rousing speech in which he emphasized the position of masters held by the farmers of to-day and particularly from the law-makers. The great strength of the farmers, he said, is concentrated leadership.

The program for the week includes addresses by many men of national reputation and plenty of amusement and around St. Louis.

Tube Company Raises Wages.

Washington, Apr. 28.—Following a walkout by several subsidiary companies of the United States Steel corporation the National Tube company has posted notices that all employees' wages will be advanced May 1 from 6 per cent.

Some President of Venezuela.

Caracas, Apr. 29.—Juan Vicente Gómez was elected president of Venezuela for four years by acclamation. The election was unanimous in honor of the election all political prisoners have been released.

CUSTOMERS TO PAY FOR INCREASED REVENUE TAX

SMALLER PACKAGES AT HIGHER PRICES IS PLAN.

American Tobacco Company Issues a Circular to Trade Saying No Concessions Have Been Reached.

New York, May 2.—Hundreds of retail tobacco dealers and many thousands of consumers who have wondered what the increase in the internal revenue tax of 2 cents a pound will have on the price of tobacco have been anxiously questioning the manufacturers within the last few days.

Now they have learned that the higher tax will cause an advance of price in some lines. The biggest concern in the country—the American Tobacco company—has issued a circular to the trade in which it is admitted that the new tax will have been reached. The lower grades of chewing tobacco may cost more for formerly, or what is the same thing, the pieces sold at present prices may be smaller.

The tax will be no change in the number of cigarettes in a package, as though there is no assurance that the prices will remain the same. It is said also that there is bound to be a adjustment in the smoking tobacco trade.

A report was in circulation to the effect that the trade had planned to increase the amount of cigarettes a package from ten to eight and that revenue stamps providing for this change were being printed.

Long Question Put.

The testimony of Dr. Heikken was looked on favor by the defense. His statements on direct examination were to the effect that he had examined the bodies of Col. Thomas Swope and Christian Swope did not show a cause of death. He further testified that the microscopic examinations did not show cause of death in the case of either.

In reply to a hypothetical question of more than words proposed one of the counsel for the state, Dr. Heikken declared that the death of Colonel Swope was due apparently to a paralyzing and convulsive poison.

Where the defense made its lead was when Dr. Heikken testified that he had examined Fred Swope. This fact was brought out in all of his details. Then came the admission from Dr. Heikken that on the first analysis by Dr. Walter S. Hayes of Chicago, no strichine was found in the effects of Miss Margaret Swope and that the doctor can make no sales which had been given him for chemical analysis. Reports to this effect were made to Mr. Paxton, who the following day was sued for libel.

When Mr. Walsh asked Dr. Heikken if it was not true that Dr. E. G. Smith, a New York city, and Dr. Hayes, the city chemist, of Kansas City, as representatives of Hyde, had made a full demand on him and Dr. Hayes for a portion of the viscera of Colonel Swope and Christian Swope, a storm of objection was made.

At the conclusion of the argument Judge Latimer suggested the appointment of a commission consisting of the chemists of the universities of Missouri and Kansas to examine the residue of the viscera. Then he corrected his statement by the assertion that it was the admissibility of the question that he was to pass upon.

FARMERS' ARE IN SESSION

Great Gathering at St. Louis for the Purpose of Promoting Reform Legislation.

St. Louis, May 2.—Hundreds of delegates, representing some three hundred cattlemen from all over the West, convened here to-day and will be in session throughout the week. The hall is held under the auspices of the Farmers' union, and its participated in several other bodies of agricultural organizations.

C. S. Barrett, president of the American Society of the American Society of Cattlemen. The purpose of the convention is the promotion of reform legislation in congress, especially the enactment of a law making illegal dealing in futures or gambling on farm produce.

C. S. Barrett, president of the association, stated that section of the convention and delivered a rousing speech in which he emphasized the position of masters held by the farmers of to-day and particularly from the law-makers. The great strength of the farmers, he said, is concentrated leadership.

The program for the week includes addresses by many men of national reputation and plenty of amusement and around St. Louis.

HE WAS TOO KIND

ONE SHIP IS TRYING TO SAVE PASSENGERS.

Fog Caused Wreck—Exact Spot in Which the Mishap Occurred Is Unknown.

Providence, R. I., May 4.—A wireless message reached here that two steamers had been in collision some where off Cape Cod, and that passengers of one vessel were being taken off by the other boat.

Word was sent out by wireless to intercept the wrecking tug Taso, half way between Providence and New London to turn back to give assistance.

The tug Taso of the Scott Wrecking company of New London is in the harbor here. Her owners received消息 of the collision and held the vessel for definite orders, the exact spot of the collision being unknown.

Interests with wireless stations have been gathered on account of a heavy fog. None of the other wireless plants along the south east England coast has picked up any message.

The steamer Ligonier, which is reported to have collided with the steamer Sanfur, is a vessel of 2,280 tons owned by the J. M. Gaffey Petroleum company of Fort Arthur, Tex. The Ligonier is bound from Port Arthur for Beverly.

The steamer Santur, which left Boston yesterday for New York, is a steamer of 1,122 tonnage, and is owned by the Harbor & Hollings company of Wilmington, Del. Her home is Bath, Me.

News of the collision between the Santur and Ligonier was contained in a wireless message received here.

TAFT TALKS TO FARMERS

President Makes Principal Address at Convention at St. Louis—Sees Two Ball Games.

St. Louis, May 4.—President Taft arrived here early this morning and was escorted to the St. Louis club, where breakfast was served.

At 11 o'clock he addressed the Farmers' convention in the Coliseum.

The national ball game and later will witness the games at the American league park, from which place he will be escorted to the Country club. He will leave for the east at midnight.

INDIANA MINERS RETURN

Temporary Agreement Reached at Joint Conference Gives Employees a 5.5% Per Cent Increase.

Terre Haute, Ind., May 4.—Eleven thousand Indiana bituminous coal miners returned to work this morning, ending a strike which has been on in the Indiana coal fields for 22 days.

Such was the temporary agreement reached here by the joint conference of the miners and operators. Under the agreement only those mines where the miners' contract wage scale was being paid prior to April 19, will remain open.

The mines which will not come under the agreement lie south of the Baltimore & Ohio railroad and employ 3,000 men. A settlement for these miners will be taken up soon.

The temporary agreement adopted gives the miners a 5.5 per cent increase.

ROOSEVELT'S IN NORWAY

Americans Arrive at Christiania Today—All Copenhagen Turns Out to Bid Farewell.

Christiania, May 4.—Mr. Roosevelt and party arrived here shortly after noon today. They were given a most hearty welcome. The city is decorated with American flags and hunting.

Copenhagen, May 4.—Mr. Roosevelt left here at 9:30 o'clock last night for Christiania, where he arrived today. At Christiania, the feature of his visit will be the Nobel prize speech. This will be delivered Saturday evening on the National theater.

An enormous crowd gathered at the station to bid farewell to the Roosevelt party.

The municipality gave a dinner at the city hall in honor of the former president, which was attended by 250 of the leading men of the city.

Illinois Miners' Conference May 10. Springfield, Ill., May 4.—The miners of the state will meet in convention to consider the work of the scale committee, which is now in session in Chicago with the scale committee of the Illinois Coal Operators' association. The joint scale committee has not reached an agreement in regard to the miners' scale minimum, but the miners of the committee wishes to report to the miners' state convention and receive further instructions.

HASKELL'S TRIAL PUT OFF.

Tulsa, Ok., May 4.—The trial of Charles N. Haskell, governor of Oklahoma, and five other men in the Muskogee lot cases, was continued until the next term of the federal court.

WHERE BACON LIVED.

Fulwood's Rents, the little Holloway court leading Gray's Inn garden which will have a large, comfortable house with the privilege of "sanctuary" and hence became a notorious resort for fraudulent debtors and still more unpleasant characters. Yet this dingy place can be said to have given birth to some of the most illustrious men of the Elizabethan drama. Fulwood's House" and valued his furniture at £60, a huge price for that period. Here the Whig club and Melville and Squire's club met, and here stood Squire's coffee house, from which several numbers of the Spectator were dated.—Westminster Gazette.

\$100,000 FEAT IN ALBANY, MO.

Albany, Mo., Apr. 26.—Miss Alice Blich is a bride. Washington, Apr. 26.—Miss Alice Blich, who recently relinquished her office as social secretary to Mr. Faft, and Lieut. Richard Wainwright, U. S. N., were married this afternoon. The ceremony was performed in St. John's Episcopal church and was witnessed by a large and fashionable assembly.

THE UNITED STATES STEEL CORPORATION HAS RAISED THE WAGE SCALE.

Washington, Apr. 28.—Following a walkout by several subsidiary companies of the United States Steel corporation the National Tube company has posted notices that all employees' wages will be advanced May 1 from 6 per cent.

SOME PRESIDENT OF VENEZUELA.

Caracas, Apr. 29.—Juan Vicente Gómez was elected president of Venezuela for four years by acclamation. The election was unanimous in honor of the election all political prisoners have been released.

HYDE JURORS MAY SEE POISON TEST

Washington, Apr. 26.—Miss Alice Blich, who recently relinquished her office as social secretary to Mr. Faft, and Lieut. Richard Wainwright, U. S. N., were married this afternoon. The ceremony was performed in St. John's Episcopal church and was witnessed by a large and fashionable assembly.

HYDE JURORS MAY SEE POISON TEST

STATE HINTS THAT JARS WITH SWOPE ANATOMY WILL BE EXHIBITED IN COURT.

TO SHOW POISON'S ACTION

Living Animals Will Be Used to Demonstrate Effects of Cyanide of Potassium and Strychnine Laboratory in Court.

KANSAS CITY, May 2.— In the trial of R. C. Hyde, charged with responsibility for the death of Col. Thomas S. Swope, an entire day was consumed in hearing the testimony of Dr. Ludwig Heikken, whose cross-examination by Frank P. Walsh indicated that the bottles and jars containing the various parts of the world's internal anatomy and extracts thereof were to be produced by the state.

With the production of the viscera will come the chemical tests which it has been planned shall be made before the jury. Whether they will be permitted has not been decided. If they are allowed, even now, who would furnish a chemical laboratory for the various tests for poisons such as cyanide of potassium and strychnine?

The will be no change in the number of cigarettes in a package, as though there is no assurance that the prices will remain the same. It is said also that there is bound to be a adjustment in the smoking tobacco trade. A report was in circulation to the effect that the trade had planned to increase the amount

STILL GOING ON

Two weeks of our **Great Money Saving Sale** have passed, and while the weather has been very unfavorable for shoppers, a great many have taken advantage of the great **Bargains** we are offering in every one of our large and complete departments. **Two Weeks Only** remain in which to secure all the necessities of life at such startling prices as we are making. Do not put off until the last minute but come early and secure a share of the sizzling hot bargains. Watch your dollar as it travels through our different departments and note how small is the slice each purchase chips off.

CLOTHING

Our Clothing Department is the most complete in the city. Note our prices:

Lot No. 1, 15 per cent off, a \$20.00 Suit for \$16.98
Lot No. 2, 20 per cent off, a \$20.00 Suit for \$16.98
Lot No. 3, 25 per cent off, a \$12.50 Suit for \$8.38
Lot No. 4, 50 per cent off, a \$15.00 Suit for \$7.48
Lot No. 5, 66 2/3 per cent off, a \$15.00 Suit for \$4.98

We quote only one price from each lot, but we have them at all prices from \$1.66 to \$25.00

LADIES TAILORED SKIRTS

We have just received the prettiest line of tailored skirts, which we venture to say is the nicest line in the city. They will also be included at the sale price. We have them in Blacks, Blues, Light Grays and Shepards plaids in Vitties and Paomamas made with the accordion pleat and the Tonic Effect. Our skirts have a character and exclusiveness of design that appeal to women particular in matters of dress. There is a shapeliness and grace about them that attract attention. The tailoring is perfect; the fabrics are distinguished, diff'rent from those you meet from other sources. Description is endless in such a varied collection. These are day-to-night enjoyment of such a garment.

THE MCLEOD STORE

THE BIG STORE ON THE CORNER
Madisonville, Kentucky

SHOES

We invite special attention to our Shoe Department, which is the most complete in the city, such a varied collection seldom seen outside an exclusive shoe store. Our Fellowcraft \$3.50 and Ralston \$4.00 leather shoes are made to last. Our Ultra \$3.50 and Brookport \$3.50 shoes are well known to be the best, but our Buster Brown shoes for children are superior to any, and for snap and style cannot be surpassed. We give 10 per cent discount on all our best stock and 15 per cent discount on a few others we have carried over. They are excellent values and just as good as our new shoes, but lack a little on style.

C. S. CRENshaw, Clerk.

Visiting members are cordially invited to attend any of these Lodges.

The A. C. is open every night over the Victory building. Business meeting first Monday night in each month. W. R. COYLE, Pres.

Bananas.

Fruit men say that one of the big mistakes with bananas is that of the temperature. If the fruit is at a high temperature until the desired yellow color comes to the skin without bringing any sweetness or ripeness in the meat of the fruit. In this shape bananas are almost exactly like the plantains that are cooked in the oven, until ripe for eating. The quick ripening not only saves a lot of time and expense—turning money over quicker—but the bananas are firmer and harder, stand shipment better, and can be pulled green than the old style, regularly ripened bananas.

Victim of Hookworm.

Newport News, Va., May 2.—The hookworm has claimed its first victim here. In the case of James R. Shippard, a youth of fifteen years, who died today, local physicians experienced their initial defeat in fighting the disease. Shippard had been suffering from hookworm two years, and all efforts of the best obtainable physicians failed to effect a cure.

The Chinese Day.

The Chinese divide the day in 12 arts. Each part is distinct in itself and is of two hours' duration.

Truth.

No pleasure is comparable to the standing upon the vantage ground of truth.—Sir Francis Bacon.

Club No. 4 represents the Mysterious 10. The public is kindly asked to give us their patronage.

Civilization and Eyesight.

It is sometimes mistakenly supposed that primitive races have naturally better eyesight than civilized ones. That is not exactly true. Nature works more slowly than man and in the record of population growth of eyesight among French artillerymen proved to be as well furnished as the most keen-sighted Arabs. Native races often appear to have keen eyesight simply because they know what to look for and reading is introduced to a race before rightness begins to appear with progressive frequency, and some striking instances of this relation to cause and effect have appeared among the school children of Egypt.

Mammuth's Teeth.

An enormous tooth from the skull of a mammoth has been picked up by a Louisville (Eng.) smack. It weighs 17½ pounds, and is 34 inches round.
